Dear Parents/Guardians:

Students love to celebrate birthdays at school, as it is a memorable time to share with teachers and friends. In an effort to keep students safe and happy, while also maximizing student instructional time, we will be celebrating birthdays for the month on the dates indicated below. As there are many children with food allergies, we strongly recommend that birthdays be celebrated without food. However, should you bring a healthy snack, we ask that the ingredients' label be visible.

For your convenience, the following list provides alternate choices for honoring your child on his/her special day:

1. Donate a book to the school or classroom library with his/her name and birthdate labeled inside.
2. Have your child bring his/her favorite book to share, and the teacher or child will read it to the class.
3. Provide each child in the class with a simple goody bag (no candy), a colorful pencil, stickers or eraser.

We appreciate your support and understanding as we continue to reflect on how to provide all students at Warren Point Elementary School with a safe and healthy environment. I welcome any suggestions for simple, yet meaningful ways to recognize your child's birthday.
